

Good Till Date Order Policy

1. SSL offers **Good till Date (GTD)** facility which enables clients to place buying and selling orders by specifying the price and timeframe for which an order shall remain valid.
2. The validity of GTD order shall be maximum one month. However, the validity can be changed to any future date within a period of such one month. If the order is not executed within a defined time, it shall automatically get cancelled.
3. In case of corporate actions, SSL shall intimate the clients about details of upcoming corporate actions applicable to unexecuted orders.
